

‘BIN FAIRY’ WASTE EDUCATION TEAM – SPECIFICATION

About Energy Breakthrough

Energy Breakthrough is a unique education, science, technology, engineering and mathematics (STEM) event held over 5 days in November in Princes Park, Maryborough annually.

Energy Breakthrough attracts more than 5,000 participants in the various categories conducted across the Princes Park Precinct. Most participants camp on the four areas across the event site. For further information regarding the event please visit the Energy Breakthrough website at www.eb.org.au.

Energy Breakthrough (EB) is committed to reducing event waste and has introduced recycling and organics waste streams to divert thousands of kgs of waste from landfill each year.

Council is seeking a community group for a Bin Fairy Team for the next one to three events.

What is involved

Key tasks include:

- Standing at a site bin station assisting patrons to dispose their waste in the correct bin
- Providing information on why waste and resources should be separated.
- Visiting campgrounds and pit areas to hand out colour coded bags for different waste streams

Dates required:

Monday 18 – Sunday 24 November 2024

Monday 17 – Sunday 23 November 2025 (Optional)

Monday 16 – Sunday 22 November 2026 (TBC) (Optional)

Expected behaviour

Bin stations will be located throughout the event site.

The waste education team should look to promote the event’s waste wise message where possible. The team is to behave in a respectful manner when interacting and guiding patrons patrons.

EB Event organisers encourage all participants and visitors to be respectful at all times and antisocial behaviour will not be tolerated. Team members can report any issues at the Energy Breakthrough Hub.

Shift requirements

Below is an indication of shift requirements throughout the event. One adult or two young people will be required at each bin station marked.

If you do not have the capacity to fill all shifts, please advise the hours and number of staff you would be able to provide for each day.

Energy Breakthrough will work with the successful community group/s to refine the schedule before the event, making sure all needs are met.
